Our league now includes all ages (9 years old and up), and all genders. We also have a new venue for home games: the Sport One Parkview Icehouse. We deeply appreciate your support and hope to continue to see you as a patron, volunteer or even a new skater!

THANK YOU TO ALL OF OUR VOLUNTEERS AND OFFICIALS

It takes numerous volunteers to bring roller derby to our fans. Skating officials, NSOs (Non-skating officials), photographers, coaches, medics, and many more. We are grateful for every single person who helps us leave it all on the track.

If you're interested in becoming an official (we can teach you!) or helping out behind the scenes, reach out via Facebook or stop in during one of our practices on Tuesday nights!

SPECIAL THANKS TO OUR SUPER FANS!

BASIC GAME PLAY

PLAYER POSITIONS

JAMMER: Fights through the pack and scores points by passing members of the opposing team. They wear the helmet cover with stars on the sides.

BLOCKERS: The skaters without helmet covers trying to stop the opposing jammer and help their own jammer. There can be up to four blockers for each team in a jam.

PIVOT: The blocker wearing the helmet cover with a stripe is the only blocker who can receive a "star pass" to take the place of the jammer in the middle of a jam.

SCORING POINTS

Jams begin with one jammer for each team behind the line and the blockers in front of it. When the whistle blows, the jammers blast off and fight their way through the pack of blockers. The first jammer to successfully pass all of the opposing team's blockers (while in bounds) becomes **lead jammer** for that jam.

After making the initial pass, each jammer receives one point for each member of the opposing team that they legally pass the next time around. Each jam lasts up to **two minutes**, or until the lead jammer calls off that jam by tapping their hips.

You'll often see the lead jammer call off the jam as the opposing jammer is nearing the pack, right before the opposing jammer has a chance to score any points.

On their scoring pass, jammers earn points for any opposing skaters serving a penalty.

BASIC RULES

PENALTIES

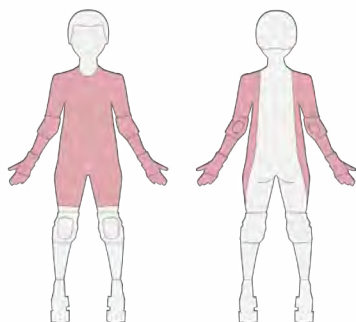

Penalties are served for 30 seconds off the track and can occur for a number of reasons, but some of the most common are:

Cutting the track – Passing an opposing player while out of bounds

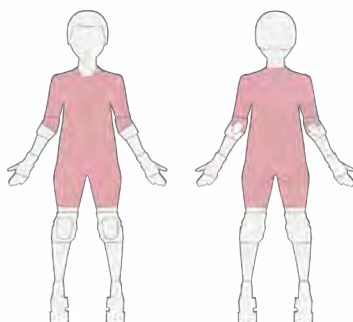

Multiplayer blocks – Creating an impenetrable wall (usually by grabbing and holding another player)

Illegal blocking – Using an illegal body part to hit (forearms, elbows), tripping, clotheslining, or hitting another player in an illegal zone (middle of the back, above the neck, below the knees)
